I'll rub, lick and finger her a while getting her ready, I'll need your help a few deep strokes inside you to coat my cock, then I'll sit her on my lap. You'll guide me inside her by aiming my cock and watching my cock head enter her.

She'll squeeze her thighs together and cry a little. I'll hold her and have you lick my shaft and her pussy while rubbing her exposed clit as I push deeper inside her slowly adding mine when needed

I'm talking to the people at the counter now. I told them we've been driving a while and would really appreciate a room so Emma can nap. They said they can give me a room now from someone who checked out early. It's the Fairfield off of Palomar or something like that. I'll text u the address
